About us

24 General Transport delivers high quality, innovative civil engineering and building solutions for roads, airports, water and construction projects. We are dedicated to providing infrastructure for tomorrow's world. We combine creative planning, design and construction with innovative engineering techniques to develop the most appropriate solutions, working sustainably to conserve energy, protect the environment and build communities.

Mission

To contribute significantly to the construction industry and to preserve the environment through optimum quality and safety. To maintain the highest standards of contracting with a strong management team, excellent technical team and world class resources. To evolve in line with the market and adapt best practice principles in all our departments.

Vision

Our Vision is to be the lead regional contractor, delivering projects of excellent quality to budget and on time
